

VINA ROBLES

Fore

2022 ✦ CABERNET SAUVIGNON ✦ PASO ROBLES

For over 25 years, we have been sourcing fruit for our wines from six sustainably farmed Paso Robles vineyards in five diverse sub-districts within the AVA. The range of characteristics offered by this fruit gives us more than ample latitude to make Cabernet Sauvignon that reflects a true sense of place. The lots were picked and fermented separately in small fermenters before undergoing malolactic fermentation and aging for 20 months in French, Hungarian and American oak barrels. The finished wine is a synergistic blend of Cabernet Sauvignon from three Paso Robles vineyards. It showcases bold, expressive fruit along with supple yet ageworthy tannins.

Tasting Notes

COLOR: Dark ruby

AROMA: Cassis and dark cherries with hints of amaretto and dark chocolate

TASTE: Full-bodied with dark fruits and dark chocolate with a rich, chewy finish
